

## SECOND CHANCES MATTER

Building a stronger community together through hands-on job training and life skills development for the prison population of Memphis.

### Developing the Skills Necessary to Rebuild Lives

The Hope 2 Hire partners believe the most effective way to reduce recidivism is by developing a clear path to legitimate employment. Participants within the Department of Corrections will receive hands-on job and workforce training, resume writing skills, interview preparation, and continued support following their release.

In recent years, Memphis has struggled with high poverty and crime rates and a lack of options for its incarcerated population who want to choose a new path. The Hope 2 Hire program wants to directly confront those disturbing trends by providing inmates the employment training and life skills necessary to successfully reenter their communities.
